Text generation

Use case text generation

- Input some text as a prompt
 - A model will generate a text
-
- Open the website: <https://beta.openai.com/overview>

Select Text completion

Welcome to OpenAI

Start with the basics

Quickstart tutorial

Learn by building a quick sample app

Examples

Explore some example tasks

Build an application

Text completion

Generate and edit text

Image generation Beta

Generate and edit images

Embeddings

Search, classify, and compare text

Code completion Limited beta

Generate, edit, and explain code

Fine-tuning

Train a model for your use case

Text completion playground

- Open the [example playground](#)
- Experiment with the service
- *A good rule of thumb is to think about how you would write a word problem for a middle schooler to solve*

API setup

Live demo

- open <https://beta.openai.com/docs/api-reference/introduction>

DALL E2 set up

DALL-E2: <https://beta.openai.com/docs/guides/images>
